

Words cannot express how grateful we are for truckers everywhere, along with the State's countless farmers and growers. Truly, they are the backbone of North Carolina's economy, and they deserve our profound gratitude.

#### THE SKYROCKETING COST OF EVERYDAY GOODS

(Mr. JOYCE of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOYCE of Pennsylvania. Madam Speaker, this Christmas, Americans are facing hard choices about the gifts they can afford to buy their friends and their loved ones.

The skyrocketing cost of everyday goods and services will now cost American families over \$700 each month.

According to a survey published by the Associated Press, one in three Americans are now reported to be falling behind on their bills and expenses.

It is now more clear than ever that American families cannot afford President Biden's failed policies.

Reversing this inflation will only happen when we stop the tax-and-spend spree that the liberals in this body have championed.

American families will only be financially secure when President Biden stops wasting money and wasting taxpayer dollars.

We need to return to fiscal restraint and responsibility. We need to stop spending money that we do not have on policies that we do not need.

#### AMERICAN MEN NEED TO RECLAIM MASCULINITY

(Mr. CAWTHORN asked and was given permission to address the House for 1 minute.)

Mr. CAWTHORN. Madam Speaker, it used to be a rite of passage in this country for young men to be punched in the face when they did something stupid. Our Nation used to believe that there was strength and purpose in taking the hits, learning from your mistakes, and growing through the adversity.

America is weak. Her sons are sickly and her daughters are decrepit. Our country now faces the consequences of enabling a participation trophy society.

We are no longer the United States. We have become a nanny state. Our young men are taught that weakness is a strength, that delicacy is desirable, and that being a soft metrosexual is more valuable than training the mind, body, and soul.

Social media has weakened us, siphoning our men of their will to fight, to rise in a noble manner, square their jaws, and charge once more into the breach of light to defend what they love.

So in this precipice of disaster, I ask the young men of this Nation a question: Will you sit behind a screen while

the storied tales of your forefathers become myth, or will you stand resolute against the dying light of America's golden age? Will you reclaim your masculinity? Will you become a man to be feared, to be respected, to be looked up to, or will you let this Nation's next generation be its final generation?

#### RECOGNIZING INDIANA COUNTY UNITED WAY

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Madam Speaker, I rise today to recognize the work of the Indiana County United Way in raising more than \$35,000 as a part of their Turkeython fundraiser.

The United Way of Indiana County recently partnered with radio host Todd Marino of "Indiana in the Morning" to create a telethon to raise funds to feed children, families, and veterans on Thanksgiving.

In addition, 78 volunteers from United Way partner organizations set up donation drop areas around Indiana County to collect donations from generous residents.

Each donation helped to ensure those facing hunger had a turkey to eat on Thanksgiving and could still enjoy the holiday.

I thank the volunteers of the Indiana County United Way for their work in helping every child to enjoy Thanksgiving with their families.

The volunteers of the United Way devoted their time and energy to giving back to their community and helping to alleviate hunger during this holiday season.

Madam Speaker, I ask my colleagues to join me in thanking the Indiana County United Way and their partners for doing their part to spread generosity and goodwill during this time of the year.
